Product overview  
July 2011

**Dear Readers,**

Welcome to WEPA Professional – your competent partner regarding cleaning and hygiene. With the new issue of our product overview, we proudly present our range in a clearly structured and informative way. Colour guide systems and new icons are supposed to help you with searching for your products. And last but not least, we have expanded our product overview by some valuable information like an overview of the latest fold types or interesting facts concerning dispenser systems.

You will also find numerous novelties in our dynamic range, which we do not want to conceal from you. One new product amongst others is the revised AutoCut dispenser featuring an optimised cutting technology - the perfect solution for all averagely and highly frequented lavatories.

I wish you lots of fun scrolling through our offers and already look forward to your inquiries.

Yours, 

Martin Rohde, Managing Director WEPA Professional GmbH

## About WEPA Professional

WEPA Professional is a 100% subsidiary company of the WEPA Group. With over 2,900 employees and 10 locations in Europe, we play in the Premium League of the European sanitary paper manufacturers. This guarantees you all advantages of an almost "on-site production" of market-conform qualities established throughout Europe at an advantageous price with at the same time top-class and reliable service.

### Environment & Responsibility

As a responsible manufacturer of sanitary paper, the WEPA Group has been paying attention to using sustainable resources and paper production in conformity with the environment for many years now. A large part of our sanitary paper products consists of 100% recycled materials and is FSC or PEFC-certified. The WEPA Group was also certified in acc. with ISO 9001 and ISO 14001 and engages itself in the "Europäische Umweltblume" as well as "Blauer Engel" projects.

### Quality & Logistics:

WEPA unites top-class paper production know-how with unique technical equipment. Constant product development, a consequent market orientation and Europe-wide sales are our guarantee for continuous innovation and advancement. With our highly modern warehouses and sophisticated logistics, we ensure delivery performance on the highest level.

### Service & Availability:

Our experts will gladly assist you with your purchasing decision. Whether at short notice on the telephone, by fax or e-mail or in a personal talk on site. Our website [www.wepa-professional.de](http://www.wepa-professional.de) always provides you with the latest news, the most current overview of our entire range and interesting facts about paper production, use and hygiene. EDI interfaces or e-data for your ERP system are also easily realised.

Print errors and changes excepted.  
All deliveries and payments are subject to our  
General Terms and Conditions available for viewing

*The WEPA Professional dispenser series offers you a comprehensive solution concept for slightly, averagely and highly frequented lavatories.*

The slim, attractive and space-saving design fits perfectly into a many lavatories. The smooth and robust plastic is easy to clean and spreads the desired fresh and hygienic atmosphere.

All dispensers are intuitive to use and mainly offer the highest degree of hygiene and safety thanks to touchless dispensing. The large fill indicator as well as the instructions on the inside make refilling the dispenser as easy as child's play. A flexible rear wall makes all dispenser models easy to install. Available in the colours white / grey as well as white / blue.

WEPA dispensers and dispenser systems were optimally matched to the WEPA consumables. This combination guarantees hitch-free operation with minimised maintenance and refill intervals.

**attractive, space-saving design**

**intuitive to operate**

**easy to fill, easy to clean**

**robust, made of knock-proof plastic**

**lockable with fill level display**

**unbeatable with respect to hygiene thanks to touchless dispensing**

**easy installation thanks to flexible rear wall**

**economic consumption – optimally matched to the WEPA consumables**
